

Snowflake Activity For Kids

Get kids in the holiday spirit with this fun and easy craft activity. Create an ornament that's as unique as a real snowflake.

Materials:

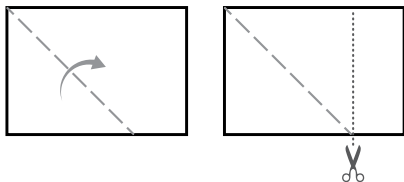

- ❁ Square or A4 craft paper
- ❁ Scissors

Optional Materials:

- ❁ Pencil
- ❁ Protractor
- ❁ String or ribbon
- ❁ Decorative materials like pompoms, crayons, pencils, glitter or confetti and glue.

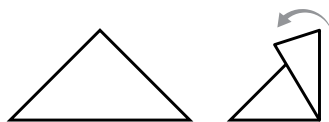

Method:

Step 1

Form a square piece of paper by folding one corner of the paper to meet the opposite edge, creating a triangle and rectangle. Then fold the rectangle towards the centre to create and guide crease to cut along.

Step 2

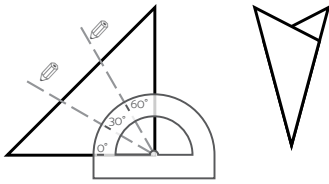

Fold the square paper diagonally, creating a triangle. Then fold it in half again, creating a smaller triangle.

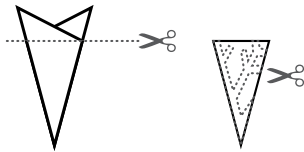

Method - Continued

Step 3

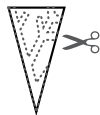

Fold the triangle into thirds. You can do this by eye or for more accuracy, use a pencil and protractor to mark 30 degree segments. Fold the segments from the outside edge in, overlapping them.

Step 4

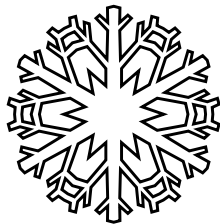

With the point of the triangle facing down, cut off the top two points in a straight horizontal line, creating a wedge shape.

Step 5

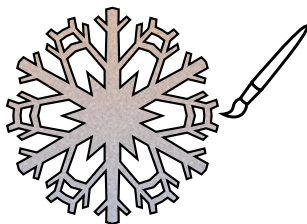

With the wedge still folded, cut random shapes out of the edges

Step 6

Carefully unfold the paper to reveal your snowflake design.

Step 7

Decorate the snowflake with your choice of materials or leave it plain.

Step 8

Tie a string or ribbon to the snowflake for a unique Christmas tree ornament, or connect several to form a snowflake garland.
